

Camp Hill Swimming Club is seeking an enthusiastic Head Swimming Coach with a desire to take the club forwards.

Camp Hill is a small but established club who swim (pre Covid times and to return to) at Camp Hill school in King's Heath, Birmingham.

The club are proud of their history and were founded by Gerry Thain MBE. Gerry Thain was not only dedicated to the club but also rose to be GB team manager at World Championships and the Seoul Olympics. We are looking for a Head Coach who would like to work within our small club (circa 120 swimmers) and help us strive forwards and enable our swimmers to be the best they can be. Even as a small club we always have a presence at the Warwicks and Midlands – and it's a noisy and supportive group! We also have some swimmers on the cusp of pushing beyond this.

There is a strong committee in place with up to date systems making for a smooth running of the club and much support for the coaching team.

This position is ideal for a coach looking to make the next move into a lead role and to take control, or to move from a voluntary role into a paid position. CHSC committee is fully committed to supporting CPD for this coach and the rest of the coaching team, and to help move the club forwards in this next exciting phase.

The hours are negotiable as due to Covid we are currently at a different facility so hours are varied at present. The ideal person needs to be available atleast three evenings a week preferably from 5pm-9pm (possibly some flexibility) and a Sunday afternoon. We would also expect the Head coach to be available for most open meets, the Diddy league, Arena leagues and County, Regional and National championships if required.

The role, and the running of the coaching team is open to be shaped by the successful applicant. This openness to change alongside the commitment to providing and aiding with CPD makes this an exciting step up for an experienced coach.

Applicants should have a proven track record in:

- Working with competitive swimmers of all abilities
- Developing plans to enable our swimmers to reach their potential and help drive the club forwards.
- Level 2 coaching is desirable, with a proven track record of working cohesively with other coaches and inspiring swimmers,

- We would also be interested to hear from exceptional L1 coaches with experience looking to qualify ASAP as L2 coach with the support of the club

The hourly rate is negotiable depending on experience and qualifications

For more details or to apply for the role please email Lindsey Walker at chair@chsc.org.uk If applying please send a CV and covering letter.
