

Swim England Midlands Region Online Safeguarding Workshops

Swim England Midlands Region will be running several online
Safeguarding workshops

All workshops are **£25.00**

The online Safeguarding workshop is an interactive online seminar that is led by the tutor and allows participants in different locations to be guided through the course content, hear the presenter, ask questions and be involved in group text discussions. This workshop will raise your awareness of signs of abuse, and give you the tools and confidence you need to deal with any issues sensitively, appropriately and effectively should the need ever arise.

Who is the course designed for?

Anyone working with young or vulnerable people both in a swimming teaching and coaching environment. Completing this course will support club SwimMark submissions and is an integral part of Swim England's Stronger Affiliation process.

Course content

Swim England's Safeguarding CPD is bespoke and reflects the needs of a pool environment. The course will help you to understand:

- What child safeguarding and child protection means
- Key government legislation in relation to safeguarding and protecting children
- Swim England's safeguarding policies and procedures
- The types, signs and symptoms of child abuse
- How to respond to possible signs of child abuse and take appropriate action if concerns arise.

16 or 17 year olds can book and attend this course, but must have a chaperone with them in the room at all times during the session.

To book a place on one of the three online workshops below please click the link next to your chosen date and complete the online form.
